

Claws & Paws

VETERINARY HOSPITAL®

Houston Area Animal Emergency Clinics

Since Claws & Paws Veterinary Hospital® is not a 24-hour facility, we are not able to handle all emergency cases for our patients. We can, however; recommend one of the many emergency facilities in the Greater Houston Area. From time-to-time, you may find yourself in an emergency situation; one where you may need to seek emergency treatment for your little one. Should you have an emergency and need to seek medical attention and don't know where to go, here is a comprehensive list of emergency clinics in the Greater Houston Area.

We have listed emergency clinics and their approximate location, their phone number and their facility's website address. Please make sure you call ahead and let them know you are coming, so they can be ready for you and your pet.

We recommend you always call the emergency clinic prior to making a trip. If the clinic has an extended wait time, they may defer you to another emergency clinic where your wait may be less. Also, take your pet's medical records with you. Emergency clinics are unable to access your pet's records, so be sure to take pertinent information, such as recent lab work, medications your pet may be taking, or any other medical treatments (i.e. recent surgery, treatment, etc.)
